

The NEC Contract A New Approach to Contracting in Hong Kong

Pinsent Masons

TRAINING APPROVED BY

The Hong Kong Government is currently embarking on pilot schemes for the use of the NEC Contract for its engineering and construction projects.

As the only provider in Hong Kong officially endorsed by NEC to provide training on NEC contracts, Evans & Peck and Pinsent Masons jointly offer tailored training sessions in your office designed to provide a comprehensive and insightful introduction to the NEC contract conditions and the implications for the Hong Kong construction industry.

The training sessions will be conducted by Robert Pegg, Principal of Evans & Peck, Vincent Connor, Head of Pinsent Masons Asia Pacific, and colleagues.

Topics will include:

- An Introduction to the NEC
- An Overview of the NEC Contracts Format
- The Identification and Review of Key Areas
 - Risk Management
 - Partnering
 - Programming
 - Early Warning
 - Compensation Events
 - Target Cost/Open Book/Pain Share – Gain Share
 - Payments/Activity Schedules/Defined Costs
- Dispute Resolution Provisions

Other relevant topics:

- A Comparison with Current Hong Kong Contracts
- Hong Kong Government GCC v. NEC
- An Overview of Implementation of NEC in Hong Kong
- The Future for Collaborative Forms of Contracting in Hong Kong

Who should attend?

This training session is essential for anyone who is involved in construction contracts in Hong Kong from Contractors, Consultants or Government Departments. Attendance certificates will be provided.
